Protective Emollient Foam

Description

A unique invisible skin protectant that features the moisturizing power of aloe vera and lanolin. Allows skin to flex and breathe while being protected. Forms a highly resistant barrier between skin and dirt, oil, grease, solvents, paints, fiberglass fibers, resins, alkalies, acids, inks, tar and shop grime. Excellent when working with small parts where gloves may be burdensome. Helps prevent reactions caused by latex sensitivity. One application protects for up to four hours.

For Use by

**INDUSTRIAL WORKERS
CHEMICAL WORKERS
