

LIQUID LIVING BACTERIA

-TOXIC
CERTIFIED SALMONELLA FREE

This concentrated digestant contains selected strains of natural enzyme producing bacteria. These special strains of bacteria are very efficient at digesting organic waste to help eliminate malodors. They consume organic matter to eliminate odors at their source on most kitchen and bathroom surfaces, toilets, urinals, rugs and carpets!

TO CONTROL SURFACE ODORS caused by spoiled food, vomit, urine, feces, mold and mildew, or other organic spills. Safe to use on all surfaces not harmed by water. For use on hard surfaces, dilute 1:1 with tap water. Spray a heavy mist to wet the surface, and allow to eliminate odors naturally.

CARPETS & UPHOLSTERY: Remove as much soil as possible, using a general purpose cleaner if necessary. Dilute this product 1 :1 with tap water, and spray to wet the fibers thoroughly. Brush into the material. Lay a damp towel over the area to keep it moist for at least 24 hours. Severe odors may require a daily treatment for up to 10 days. Use on vinyl and porcelain tile, concrete, metal, painted surfaces in kitchens, baths, rugs, fabrics.
