

Fogmaster products Product Warranty

Fogmaster products are warranted for one year (five years for hand-held foggers) against defects in materials or workmanship. Should any component of this unit fail, do not return to place of purchase. Return the defective unit freight prepaid to The Fogmaster Corporation within the warranty period. It will be repaired or replaced at the discretion of The Fogmaster Corporation. Motor brushes and tank gaskets are not covered under warranty.

This warranty is void should unit show physical evidence of abuse, misuse or damage.

This warranty is limited to the original purchaser only, and does not include claims for incidental or consequential damages for breach of any express or implied warranties. Some states and countries do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

Any implied warranties, including merchantability or fitness for a particular purpose, shall not extend beyond the warranty period. Some states do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you.

This warranty gives you specific legal rights, and you may also have other rights which vary by state or country.

To send a fogger for repair, drain all liquid and clean the outside of the unit before packing it for shipment. Use plenty of padding in the box.

Enclose your name, address and telephone number (and your fax number and e-mail address, if available) plus a brief description of the problem.

Put your name, address and telephone number on the shipping label as well, and ship, freight prepaid, to the address below. We do not accept "collect" shipments, nor packages which appear to be damaged or stained by leaking chemical.
