

Ketch-All Mouse Trap

Available with: Clear Plastic Lid • Clear Plastic End Panel

Catch up to 15 mice in one setting without ever touching the mice!! This device caters to the natural curiosity of the mouse to investigate the bait, each mouse becomes 'caught' inside. Safe from curious pets and children, all working parts of this unit are enclosed. You need only check every couple of days for contents and disposal. Made of heavy galvanized steel - the Ketch-All Mouse Trap will last many years.

CLEAR VIEW LID

FOR BETTER TRAP MONITORING

EFFICIENCY. With clear view lids, you save the time it takes to pull back lids and check for catch, making inspection quicker and more efficient. 12 per case

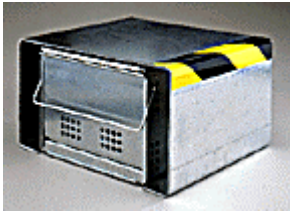

CLEAR VIEW END PLATE

INCREASES THE EASE OF MONITORING. To use, remove galvanized end plate and replace with clear view end plate, embossed side out. Make sure the clear view end plate is securely inserted into the bottom of the KETCH-ALL. 48 per case

GLUE TRAP

Holds mice and foreign material such as feces, hairs and potentially airborne particles in place. THIS ALLOWS EASIER, FASTER, MORE SANITARY PEST REMOVAL. 100 per case

PROTECTOR

The protector is a heavy steel guard that protects the KETCH-ALL from crushing by machinery, forklifts or foot traffic. 6 per case

WALL GUARD

Provides protection for the KETCH-ALL from placement of pallets, boxes, bags and other storage methods. 12 per case

POSITION STRAP

When inspectors insist that your KETCH-ALL remain in one location. 12 per case

SERVICE LABELS

PROVIDE AN EASY WAY TO KEEP VITAL RECORDS ON EACH TRAP. Both service labels may be applied to the top or underside of the KETCH-ALL and STICK-ALL lids. Labels can also be placed on the perimeter surfaces of each trap. Each label may be placed on the inside cross bar of the KETCH-ALL. 100 per case

With the **BIG SNAP-E**, it's the end of the road for rats, gophers, chipmunks, ground squirrels and other pesky rodents. The quick response time makes certain that once caught, the rodent stays caught! Two pre-formed holes in the trap base allow for surface mounting. Fingers never touch the rodent.

The SNAP-E- MOUSE-TRAP and BIG SNAP-E-RAT-TRAP are made of durable polystyrene and steel. They both resist stains and odors common in old-fashioned wooden traps, are easy to clean and can be reused for years of service. They are simple, safe and sanitary.

Quality Handmade Live Animal Traps

KAGE-ALL live animal traps are the safe and humane way to catch and keep animals. KAGE-ALL traps are custom designed to trap everything from sparrows to coyotes. Selected styles are made of durable zinc treated and black coated steel heavy-gauge construction for years of use.

Innovative features of the heavy-duty animal traps include: gravity action door with patented spring loaded latch; guarded handle for safe and easy transport; protected bait area; large trip treadle grate; ground guard to keep latch and door free from debris; steel door stop to keep trap locked until operator release; and protected finish to reduce reflections and light flashes.
