

**TRUCK & TRAILER CLEANER,
NEUTRALIZER FOR 2 STEP
CLEANING SYSTEM OR MAY BE
USED BY ITSELF**

T.R.-T.N. IS A POWERFUL CLEANER
FOR WASHING EQUIPMENT, SEMI-
TRAILERS, TRUCKS, AND MACHINERY

CUTS THROUGH BAKED ON ROAD FILM, OIL AND GREASE QUICKLY AND EASILY!

- Adheres to soil for greater wetting and penetration-blasts away stubborn dirt!
- Super concentrated for the most economical cleaning with high-pressure equipment!
- Incredibly powerful contact agents act on impact!
- Excellent results with cold or hot water-steam, too!
- More effective pressure cleaning at any temperature or p.s.i.!

It takes more than a strong pump in a pressure washer to do a first class cleaning job!

The brute force of high pressure cleaning alone won't remove baked on dirt and grease! Specially formulated, T.R.-T.N. pressure wash detergent penetrates deep to break down hard-to-remove soil that water alone can't move.

Directions:

T.R.-T.N. is diluted with 50 to 100 parts for general cleaning of truck or trailer surface. We recommend application with a pressure sprayer and rinsed with pressure. When used in a 2-step system used the acid based cleaner (T.R.-T.A.) first.
